SUBJECT : Priority for JN 19-60

1. Yesterday at the Operations Board you indicated that the Project Summary was in error; i.e. the priority of JN 19-60 should be 1 rather than 2.

2. Your attention is invited to the 8 December 1961 minutes of the Advisory Committee wherein it notes the Ad Com's approval of a SIC request to drop the priority of JN 19-60 from 1 (weight 9) to 2 (weight 12A).

3. If SIC now has changed its collective mind again recommend that the CIA Detachment, which represents the SIC, process a request from SIC through normal requirements channels to the Ad Com for its consideration.
